BREAKING THE SILENCE OF THE INDUS VALLY INSCRIPTION

Speaker

Bahata Anshumali Mukhopadhyay

About this Research Seminar

Join the Cheenta Research Seminar on decoding Indus Vally Civilisation Inscriptions. The speaker's break-through research articles are published in the prestigious Nature Group Journals. We will learn how multi-disciplinary approaches are indispensable for understanding the semantic role of the Indus valley inscriptions, one of the most enigmatic aspects of the most expansive Bronze Age civilization of the world (c. 2600 BC to 1900 BC).
